2022 Space Law Course (3rd edition)

The 3rd edition of the Space Law Course will take place from 2 May to 6 May 2022 and will be online.

As always, the course aims to be a first introduction to the field and is suitable for professionals and students alike. Besides approaching the different levels of space law, we will also address current and future challenges.

Format

E-Learning (Online)

Fees

Cost: 180€

50% discount for NOVA School of Law students
